Message from the President...

Thank you for taking the time to read and enjoy this issue of PAW Print.

Our Volunteers and I would like to invite you to join us in remembering, celebrating and giving thanks. It's not always easy to remain positive at this time of the year as many of us are missing those we've loved and lost ... but it's important for us to treasure all of the wonderful memories we have that can never be taken away.

2008 was a devastating year for me, for my Family, for PAWS Volunteers and the animals as we've lost so many. It is with deep sadness that I advise of the passing of my Mother and Best Friend, Hella Heys. Mom was one of the most devoted Volunteers that PAWS has ever known. Animal rescue, for me, will never be the same and I have no idea how I will go on without her. I remember that terrible day when Mom was diagnosed with Lung Cancer (Fall 2005). I accompanied my Parents to the surgeon's office in Scarborough where we were given the terrible news. No one knew what to say ... the silence was deafening as we left the medical building when Mom turned to Dad and I and said "no matter what happens – promise me you will look after the animals".

Mom's first concern, always, was for others well-above her own needs – she was **irreplaceable**.

I plan to keep that promise and I've done my utmost to stay strong in recent weeks. It has absolutely NOT been easy. Mom and I spoke numerous times each day whether in person or on the telephone – we shared the good and the bad and, if I'm honest, I still can't believe she's not there for me to call with updates or just to tell her I love her. Thankfully, Mom and I shared a relationship that was like no other. She and I were inseparable.

If someone had told me in advance of August 2008 what was to come – I never would have believed it. Nippy our resident hedgehog passed away in early August, Shadow developed 'Vestibular' shortly thereafter, Brownie (a sweet little 'fraidie') passed away suddenly in September, Blinky (one of our feline leukemia positive cats who had made so much progress) shortly after Brownie, Lucy (an absolute favorite) the night before we lost Mom in October, Sylvester, my teddy bear, in November, Mighty (a long-standing resident and adorable 'fraidie') on December 1st, Emma (my little Easter Bunny) on December 3rd.. and yes, Shadow, my most loyal companion and our Shelter Mascott passed away here at her home with all of her friends by her side.

The moon was shining bright that night and there were a million stars. I was the luckiest person on this earth to have shared almost 16 years with her and it goes without saying that she took a part of my heart and soul with her (they all did).

Hella and Shadow

My life and our shelter will never be the same without Mom, Shadow, Nippy and the fabulous felines we lost this year but their memories live on and our good work continues.

In honor of all of the years that Mom and Shadow devoted to PAWS ... I would like to ask all of you, our friends, to consider a donation to our GUARDIAN ANGEL FUND. Thank you.

On a much lighter note ...

I am thrilled to report that we raised over \$10,000 at our 36th Anniversary Celebration this past September. Our Volunteers worked tirelessly and our sponsors gave generously. THANKS TO EVERYONE who made this night a huge success. Be sure to refer to pages 4 and 5 for a list of our sponsors and for pictures that we're sure you will enjoy.

A special thanks to Marilyn Goodman who was determined to see this event through and who did an excellent job – CHEERS MISS M!!

We trust that you and yours had an enjoyable Holiday Season. On behalf of our devoted Volunteers and the animals, we wish you the very best for 2009.

PAWS ~ changing the world – one rescue at a time.

Kimberly Heys
PAWS President

P.S. Feel free to network on our behalf by telling friends about PAWS, sharing our newsletter and, in turn, helping us to spread our message of kindness and compassion. It's also a great time of the year to make a donation in honor or in memory of a loved one. Feel free to do so either via snail mail or via www.pawscanada.org

"THE GREATNESS OF A NATION AND ITS MORAL PROGRESS CAN BE JUDGED BY THE WAY ITS ANIMALS ARE TREATED" ~ MAHATMA GANDHI

Here are some of the animals that YOU have recently saved!

I NEED A FOREVER HOME!

(Some of our recent rescues)

NOTE:

If we included all of our recent rescues, the entire issue of PAW Print would be bursting at the seams. Please refer to www.pawscanada.org to view pictures and descriptions of the special pets we have available for adoption to loving, responsible homes (you may also view our Happy Tails section for success stories) and we suggest that you check in from time to time as this information changes regularly.

ORANGE KITTENS -

BAILEY ~ NUTMEG ~ GINGER ~ CINNAMON

It was a lovely November morning when Steve (a new PAWS Volunteer) was making his rounds. It came time to check on the kittens (better known as the GREMLINS - did I say that out loud? Hmmmmmm) who currently occupy the main bathroom at the PAWS shelter in Huntsville (yes, we humans have the privilege of using the smaller of the bathrooms, thank you very much). What can we say? The sign on the door here reads 'This house is maintained entirely for the comfort and convenience of our cats' - we're NOT kidding!! OK - back to Steve

and the babies ... upon opening the door ... THIS is what he found! (yes, that IS toilet paper from one end to the other)

On a more serious note, these special little beings were rescued by a dear friend to PAWS, Ingrid of Sundridge, ON. Ingrid is a new and very devoted

Volunteer. She found these quadruplets under a shed on a very cold night and took them in right away. Her foster Mom did a wonderful job of socializing them (just wait until you hear and feel them purr and cuddle), they are in excellent health and can't wait to be adopted by an extra special family. Don't tell them we told you but they have suggested that they would like to be adopted in pairs as they are all so close to one another.

SAMMY AND BLACKIE

Sammy and Blackie have been with PAWS for quite some time. Sammy is ultra friendly but his pal Blackie really has no use for human beings. They are as close as two kitties could possibly be and are hoping that some selfless person (or people) will consider providing them with a loving, forever home.

We can't say enough about these boys ... call PAWS TODAY for more info. (and a special thanks to Nadine and Michael who continue to sponsor Sammy).

NOTE - has anyone noticed the paper towel in the picture above? Is it something in the water or are our kitties at PAWS trying to tell us something?

Truth is, they are a fun bunch who enjoy a 'frisk hour' once our Volunteers finally turn in for the night. There's never a dull moment at the PAWS shelter and in our foster homes.

OK FOLKS - can anyone find it in their heart to donate some much needed toilet paper and paper towels? We wish we were kidding (actually, the cats are generally well-behaved ... the problem is, they are smarter than the humans who care for them - he he).

I FOUND A FOREVER HOME!

(Some of our recent adoptions)

BRANDI

Brandi is a precious little girl who found her way to PAWS many moons ago (along with her 2 babies - Duskie and Dawnie who remain in our shelter today). There were originally four kittens but, sadly, kitten

number three disappeared ... and kitten number four was killed by a car (a neighbor to one of our foster homes insisted that he was caring for these cats - apparently his idea of 'caring' for these cats and the idea of PAWS Volunteers to do the same - differed).

As many of you already know, PAWS is the only organization in North America who viral tests each and every cat we rescue to rule out or verify feline aids and/or feline leukemia (we have done since 2000). Brandi tested negative - initially. A short time later, Brandi became very ill (it was the Holidays and often veterinary offices are operating with skeleton staff). Thankfully, Dr. Emily was working that Holiday Season and she saved Brandi's life. Thank you Dr. Emily!! That said, it was now determined that Brandi had feline leukemia so she was segregated with the other kitties who were also positive for this illness. The worst part about this is that these cats are in terrific health. There's nothing special to be done - no medications to give etc. BUT when PAWS Volunteers inform potential adoptees of their 'conditions' - people shy away immediately.

PAWS has had as many as 7 cats with feline leukemia in our care at one time - we are now down to 2. Yes, in most situations, they do develop the actual illness and in spite of the efforts made - we lose our little friends.

Once in a while someone special comes along - this time that someone was DAVID from Barrie. David is a wonderful man with the right attitude and when our President, Kim told him about Brandi - he couldn't wait to meet her and provide her with the lap and unlimited attention she so deserved. By the way, Brandi also has a wonderful new pal named "TC" (a beautiful senior dog whom she already adores).

URGENT NOTE:

Freddy and Bianco remain with their foster Dad, John Heys but it's very possible that with the loss of his beloved wife, Hella - John may be relocating from the home where he currently lives. PLEASE HELP US TO FIND A HOME FOR THESE BOYS TOGETHER. PAWS will go as far as to commit, in writing, to supporting these cats for the balance of their days. If anyone out there would like to adopt or to sponsor Freddy or Bianco - we thank you in advance as we simply can not continue to provide for them without YOU.

Watch for the next issue when we report of the adoptions of Gucci, Bob and Cheeky!

Happy 36th Anniversary **PAWS!**

On September 12, 2008, we got together to celebrate the 36th Anniversary of this one-of-a-kind organization. PAWS would like to gratefully acknowledge the efforts and support of the following contributors who have helped to ensure the success not only of this event but of what we do each and everyday.

The animals and our Volunteers THANK YOU!

Be sure to leave a donation if you do visit as The Lindsay's very generously donate the proceeds to local charities. PAWS would like to take this opportunity to thank Martin and his Family for their support over the last 4 years which has enabled PAWS to save precious lives ...

After Care

One of the realities of life is that through an untimely tragedy or by natural aging, a beloved pet may well survive us. Pets are members of our family and we need to think about their care and protection when we can no longer provide it. Don't overlook your pet(s) when making your estate plans. If there is someone whom you think may agree to take your pet(s), talk it over with them NOW. If they have reservations, now is the time to find out.

Should you wish to have your pet(s) taken in by a responsible, no-kill shelter such as PAWS, you can indicate whether you wish for them to live out the rest of their natural lives at the shelter, or have the shelter find them a new, carefully selected, loving home. Here is a sample provision you can insert in your will to protect your pet(s).

"If at the time of my death I own a pet or pets, I direct my Executor to deliver them as soon as possible to PAWS (Peoples Animal Welfare Society), (a) to be cared for there until a suitable permanent home is arranged OR (b) to be cared for at their shelter for the rest of their natural lives. I further direct that a bequest of \$_____ be paid to PAWS (Peoples Animal Welfare Society) in consideration of their good work."

You should discuss such provisions with your lawyer, amend them as need be and then update your will without delay. If you do not have a lawyer, please consider contacting either of the two lawyers we recommend below. Both are animal lovers who are professional and experienced.

SPECIAL TRIBUTE – REMEMBERING MOM AND SHADOW ... FOREVER IN OUR HEARTS

What Is A Mother?

*She's a person who keeps on encouraging us to be all that we possibly can,
She's the confidante, teacher, and wonderful friend who supports all we hope for and plan,
She can sense how we're feeling without being told, and when there's a problem or two,
She gently reminds us she's there for us always to lovingly help see us through.
There are so many people who pass through our lives leaving something to fondly recall,
But only one mother to cherish forever ~ the most precious person of all.
~ Emily Matthews*

Mom and her family were forced to flee their home in Yugoslavia when she was only 2 years old (during the war). When my Mom was a child she was offered the opportunity to temporarily reside with a family in Switzerland who owned a farm and who assisted under-privileged children. Sadly, this opportunity turned into a nightmare as Mom lived in the care of an evil woman who took it upon herself one terrible day to skin Mom's favorite cat for it's fur. Mom was traumatized and vowed then to help animals and boy did she ever! Growing up I remember my Parents assisting many homeless and abandoned animals ... before we knew it we were involved with PAWS and had more than 100 in our care.

My Mother was my Best Friend and most trusted confidant. We never disagreed or argued and we enjoyed working together to help homeless animals more than words can say. Mom was always there to greet me in the wee hours of the morning when I would return home with another rescue, cold and scared and still in the live trap ... Mom would be genuinely excited to meet our new friend ... falling in love with each and every one of them the moment she laid eyes on them. I have never seen anyone work as hard as Mom did to care for her Family, our pets and the animals we rescued – without ever a word of complaint.

I wish space would allow me to share more of my memories and stories but I will leave you with this one ...

I was cooking breakfast one morning in April 1999 when the phone rang. It was Mom. We had just rescued three pregnant mother cats. We had only committed to taking two but the rescue person who arranged for their transport to the vet left us with three knowing that we would not turn our back on the third. As we are always very careful to quarantine new additions to our shelter prior to admittance, we had no choice but to temporarily house these cats in Mom and Dad's garage in an extra large dog crate. When Mom checked on the grey Mum cat, known as 'Buffy' that morning, she found that the cat had delivered her kittens – but one of the kittens was not breathing. Without a moments hesitation, Mom scooped up this innocent grey kitten and began mouth to mouth resuscitation. By the time I arrived on the scene THE KITTEN HAD BEEN REVIVED. This was, without question, the proudest moment in Mom's history of animal rescue. She had performed a miracle! We eventually found homes for all of the kittens and their Mom.

'Kim's Shadow'

"In life the firmest friend, the first to welcome, foremost to defend" ~ Lord Byron

At approximately 12:40 a.m. (Thursday night going into Friday morning), September 19, 2008 I lost my most loyal companion. Shadow came into my life on Valentine's Day - February 14, 1993 and she became 'Kim's Shadow' immediately – named after her Mother – she followed me everywhere and cared only about being by my side. I could not have asked for a more incredible canine friend, who was so perfect in every way imaginable. She would have been 16 on December 23, 2008. Shadow passed away at her home in Muskoka with all of her kitty friends by her side. She will be forever missed and could NEVER be replaced.

Shadow's pals Ricky and Sylvester were almost always by her side in the last few weeks while she stayed strong and slowly recovered from 'Vestibular'. The Wednesday prior to her death, she was actually standing up in the PAWS van while we were moving – she was doing so well. I can't say that I know exactly what happened (it's quite possible that a tumor is what led to her demise) but I can assure all of you, so many who knew and loved her, that I did absolutely everything in my power to hold on. It was she who let go. My Mom convinced me that night that I had to 'do the right thing' for Shadow and I had planned to on the Friday but Shadow took that decision out of my hands and I'm so thankful as I would never have been ready to say goodbye to my Best Girl.

I would like to thank everyone who helped me with Shadow in her senior years – there are too many names to list.

My life and our shelter will never be the same without Shadow. May she rest in peace.

Memoriams...
